OIMB Course Offerings (2017 – 2018)

OIMB has two new faculty members, Aaron Galloway and George von Dassow. With their addition we have increased the number of courses we offer for the major and now offer a Winter Quarter at OIMB. Below are the course offerings for the next few terms to help you plan your OIMB schedule.

SUMMER 2017
BI 399 Introduction to Experimental Design and Statistics – Brian Bingham. Two week course 8/20-8/31
BI 451/551 Invertebrate Zoology – Jason Williams (fulfills Area 2 major requirement). Meets M, W, F
BI 455/555 Marine Birds and Mammals – Doug Warrick. Meets T, Th
BI 408/508 Biological Illustration – John Megahan. Weekend course
BI 408/508 Ocean Acidification – Julie Schram. Weekend course
BI 407/507 Marine Biology Seminar. Meets W

FALL 2017
BI 454/554 Estuarine Biology – Richard Emlet. Meets T, F
BI 458/558 Biological Oceanography – Alan Shanks. Meets W, F
BI 407/507 Marine Biology Seminar. Meets F

WINTER 2018
BI 390 Animal Behavior – Alan Shanks (fulfills Area 3 major requirement)
BI 457/557 Marine Biology: Marine Conservation Biology – Aaron Galloway
BI 457/557 Marine Biology: Molecular Biology for Marine Sciences – Svetlana Maslakova (fulfills Area 1 major requirement; BI 214 is a prerequisite)

SPRING 2018
BI 322 Cell Biology – George von Dassow (fulfills Area 1 major requirement; BI 214 is a prerequisite)
  Meets Wednesdays 8:30 – 5:00 and Fridays 8:30-3:30 for 5 weeks April 2-May 4
BI 457/557 Marine Biology: Comparative Embryology and Larval Biology – Svetlana Maslakova
  Meets Wednesdays 8:30 – 5:00 and Fridays 8:30-3:30 for 5 weeks May 7-June 15
BI 451/551 Invertebrate Zoology – Richard Emlet and Maya Watts (fulfills Area 2 major requirement)
BI 474/574 Marine Ecology – Aaron Galloway
BI 407/507 Marine Biology Seminar

Further details of the OIMB courses, scholarships and research and internship opportunities can be found at http://oimb.uoregon.edu/academics/marine-biology-major/
